ORACLE®   oAppsNET

WHY CHOOSE OAPPSNET PARTNERS FOR YOUR NEXT ERP AUTOMATION PROJECT?

WE'RE ERP AUTOMATION EVANGELISTS

We partner with the best software providers to help you to pick the solution that best fits your company's needs.

WE'LL MAKE SURE YOUR ERP INVESTMENT CONTINUES TO PROVIDE RETURNS

We'll design a solution that enables your company to take advantage of the ever-growing number of options to improve your ERP processes. This unique knowledge is achieved through our partnerships with the leading software providers that continue to deliver new options for the ERP ecosystem. We understand their current offers and respective future roadmaps. This positions oAppsNET as a forward-thinking solution provider able to provide expert guidance on what's happening in the ERP automation marketplace.

WE'VE BEEN IMPLEMENTING ERP SOFTWARE FOR 25+ YEARS

We combine our ERP expertise and our partnerships to guide your company through the ever changing improvements in ERP Automation.

WHEN THERE IS A GAP IN THE SOFTWARE SOLUTION, OAPPSNET WILL BUILD A SOLUTION

oAppsNET invests a large amount of time and effort working directly with our partners to influence new functionality or features that should be released to support your current and future requirements to help you best run your ERP departments. We'll fill that gap and publish it in the oAppsNET Marketplace and continue to evolve the product along with our partners.

OAPPSNET IMPROVES YOUR PROCESS AND LOWERS YOUR ERP PROCESSING COSTS

1 HEALTH CHECK

We perform an ERP Automation Heath Check to define your future state.

2 LEVERAGE PARTNERSHIPS

We give you options on which software solution works best or your company.

3 NEGOTIATE ON YOUR BEHALF

As software resellers, oAppsNET negotiates on your behalf so you get the right software at the best price.

4 ARCHITECT FUTURE STATE

We design a seamless architecture with your ERP system and the automation software you selected.

5 CHANGE MANAGEMENT

We'll assist with your change management plan so your company can maximize the return on your investment.

6 CERTIFIED STAFFING

oAppsNET are certified experts for both your ERP and the automation software so we can resolve any implementation issue.

7 PROJECT PLANNING

Close collaboration with your Project Manager to build out a project plan that works for your company.

8 PROJECT EXECUTION

With the project dates and milestones defined, oAppsNET will execute the plan from the kick off to go live.

9 FUTURE GUIDANCE

Achieve your ERP process goals, as well as keep you abreast of what's happening in the ERP Automation space.

SERVICE FEATURES

oAppsNET's 15+ years of ERP experience along with our dedication to partnerships is key to our ERP Automation success. Below are some of the most prominent oAppsNET services:

ERP IMPLEMENTATION & HEALTH CHECKS

Not getting the results you want from your current ERP Application? You're not alone! Many ERP customers turn to oAppsNET to bring in subject matter experts to identify operational inefficiencies and maximize your ROI. Once we assess your operational and software implementation issues, we devise a plan to introduce best business practices into your ERP processes.

MERGERS AND ACQUISITIONS

A merger, acquisition, or divestiture has many challenges. oAppsNET Professional Services Team helps the transition team get ready to meet the challenges after the deal is finalized.

MANAGED SERVICES

Keep your EBS and related technologies running smoothly, securely, and in compliance. Our managed services encompass virtually every EBS enterprise application and the entire surrounding technology environment. Our team augments or assumes complete responsibility for a range of EBS IT operational functions and day-to-day technology management, including system monitoring, performance tuning, development support, and managed cloud services.

We offer a wide range of technical and application managed services to support the needs of organizations of all sizes and in all industries. Get the help when you need it, how you need it, without getting locked into expensive, ever-expanding projects.

ERP & AI INTEGRATIONS

oAppsNET's has prebuilt ERP connectors for several ERP systems. The oAppsNET connectors are designed to allow simultaneous integration with multiple ERPs, simplifying diverse environments resulting from M&A activity.

oAppsNET is heavily invested in Artificial Intelligence (AI) and we use AI throughout our solutions so you can maximize your investment and you archive your ROI.

AUTOMATION UPGRADE FACTORY

Our unique Software automation factory framework is built on the extensive experience of past automation upgrades. Proven SOPs (standard operating procedures) for upgrade execution and organized cutover strategy ensuring minimal business downtime.

LOW CODE / NO CODE SOLUTIONS

Low-code application development describes creating application software using visual tools and model-driven processes – instead of traditional code-based programming. It's never been more important for businesses to demonstrate constant agility and innovation to stay competitive in today's market. It's essential to use the benefits of a low-code platform to efficiently build or change applications – all to fill or automate workflows at the pace demanded.

oAppsNET are specialists with Oracle's Application Express (APEX), and this web-based development tool allows oAppsNET to rapidly build and then easily support enterprise ERP extensions.

ABOUT OAPPSNET

We're a US-based company specializing in the digital transformation of every facet of your organization. As a company with over 15 years of ERP experience, we can ensure that your business' transition to our platform costs less, requires less time, and provides you with the efficiencies that will drive your company to the next level.

Our proven and comprehensive approach to projects involves a deep dive into existing business practices to provide you with the most optimal solution and the one that leverages your organization's strengths. We pride ourselves on ensuring that every project is successful through in-depth digital training tailored specifically for your company.
